Re: Software Engineering Internship

Dear HR Team,

I'm a pre-final year student of Informatics Institute of Technology who would like to apply for an internship in software engineering (Frontend). I consider that all the knowledge I have gained during these two years would be helpful to achieve my internship and I am eagerly waiting to expand my knowledge with new experiences and face new challenges this period.

The technical skills I have learned involves Java, Native Java (Android), React-Native, MySQL, HTML, CSS which I have used in most of projects. A recent project of mine was the KIDDO CHECK Mobile Application where I handled the Frontend component.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization. I am interested in working in the tech industry and to intern at CodeGen will enhance my knowledge and capabilities. The technologies used in the company was not the only aspect that made me apply for this position. I would love to be a part of the culture that is so nurturing and motivational. I hope I will be positively reviewed, and an opportunity granted to be a part of this amazing team.

Yours sincerely,

Shahiru Roshen

SHAHIRU ROSHEN

Undergraduate

PROFILE

Hard working Software Engineering undergraduate keen to use knowledge and skills in work. Team builder who is actually attentive to others. Have an ability to work under pressure, along with my competency skills in communication, teamwork and leadership to achieve the organization's objectives

Video Editing

EDUCATION

Bandaranayake College Gampaha
2010 - 2018
Ordinary Level (2015)
- A - 5
- C - 4

QUALIFICATION

BEng (Hons) in Software Engineering
Informatics Institute of Technology (University of Westminster)
2019–2023

Level 4 - Modules

Programming Principal I	- Pass
Computer Systems Fundamentals	- Pass
Web Design and Development	- Pass
Computer Science Practice	- Pass
Mathematics for Computing	- Pass
Programming Principal ll	- Pass

Level 5 - Modules

Object Oriented Programming	- TBC
Database Systems	- TBC
Client Server Architecture	- TBC
Software Development Group Project	- TBC
Mobile Application Development	- TBC
Algorithms	- TBC

OTHER QUALIFICATIONS

- Successfully completed Foundation certificate in Higher Education in Informatics Institute of Technology, Colombo 06 (2019)

SKILLS

PROGRAMMING LANGUAGES

JAVA	PYTHON

JAVASCRIPT

FRONT – END MOBILE

REACT - NATIVE

NATIVE JAVA ANDROID

FRONT – END WEB

HTML5	CSS

DATABASE MANAGEMENT

SQL

TOOLS

PHOTOSHOP	FIGMA

DICIPLINED SKILLS

Time Management
Teamwork
Communication
Leadership
Problem-Solving
Pressure Handling

LANGUAGES

Sinhala   English
Native   Fluent

EXTRA-CURRICULAR ACTIVITIES

- Team member at Informatics Institute of Technology (2019 – 2020)
- Secretary, IIT Cricket Club (2020)
- Science Society Member, Bandaranayake College Gampaha (2018)
- Vice-Captain, Bandaranayake College 1st XI Cricket Team (2018)
- Vice-Captain, Bandaranayake College U17 Cricket Team (2016)

PROJECTS

KIDDO CHECK Mobile Application (2021)
Informatics Institute of Technology
Level 5 – Software Development Group Project
Mobile Application to find handwritten Sihala character mistakes
(React-Native,Python,TensarFlow)

CAR Mobile Application (2021)
Informatics Institute of Technology
Level 5 – Coursework
(Native Java Android)

MOVIE MANIA (2021)
Informatics Institute of Technology
Level 5 – Coursework
(Native Java Android, SQLite)

FOOTBALL MANAGEMENT SYSTEM (2020)
Informatics Institute of Technology
Level 4 – Coursework
(Java, Java FX, OOP Concepts)

GYM MANAGEMENT SYSTEM (2020)
Informatics Institute of Technology
Level 4 – Coursework
(Java, Java FX, OOP Concepts)

MORTGAGE CALCULATOR
Informatics Institute of Technology
Level 4 – Coursework
(Java)

FASHION STORE WEB APPLICATION
Informatics Institute of Technology
Level 4 – Coursework
(HTML, CSS, JavaScript)
